

DESIGNERS' FAVORITE

What is your favorite foyer console?

PRODUCED BY MARIROSE KRALL

FLEUR DE FER BY ROCHE BOBOIS

“The Fleur De Fer console from Roche Bobois is my favorite. Its functional and beautiful sculptural nature creates an artistic focal point in any foyer. The dimensions and the materials can be customized to suit the proportions of any space, and it’s always a conversation piece.”

ZHIN II BY CURRY & CO.

“The timeless inspiration of Asian details evokes a classic sense of beauty; they are one of my favorite elements to use in my designs. When beginning a traditional space, especially a foyer where you want to excite your guests as to what lies ahead, I look to incorporate strong architectural details and build the space around them. This Zhin II Sideboard from Curry & Co. does all of this, and I love its modern aesthetic and fashion sensibility.”

EXTRAV-AGATE BY CARACOLE

“I would love the Caracole Extrav-Agate storage console for my foyer because of its edgy mix of materials. The brushed gold metal and the mineral-inspired, agate-printed acrylic doors make for a perfect dramatic piece in any style foyer. To me, it is like a piece of jewelry that exudes modern, organic design, which is a current popular design trend.”
